PEACEPLUS Programme

INTERREG VA Programme (2014 - 2020)

Total value of €283m (adopted Feb 2015)

Research & Innovation - 514 years of PhD research, 1,408 enterprises receiving support to increase the number of SMEs engaged in development of new products, processes and tradable services.

Environment – 25 conservation action plans to protect natural habitats and improved wastewater treatment to benefit over 10,000 people.

Sustainable Transport – 80km of new cross-border greenways, electric vehicle charging network and 1 multi-modal hub to promote cross-border, sustainable mobility.

Health & Social Care – Support for 4,000 socially isolated disabled people and 12 cross-border health interventions for 15,000 beneficiaries to improve the health and well-being of people across the region etc.

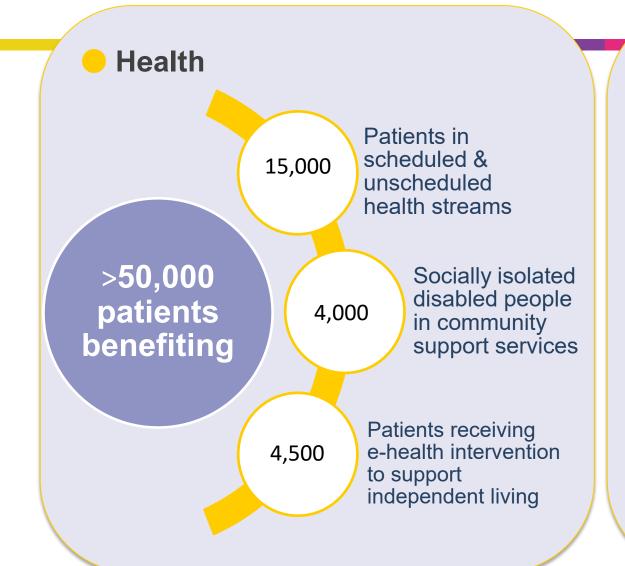

INTERREG VA. Results to date

Sustainable Transport

cross-border greenways (under construction)

electric vehicle charging points funded

73

cross-border €23.5m multimodal hub constructed

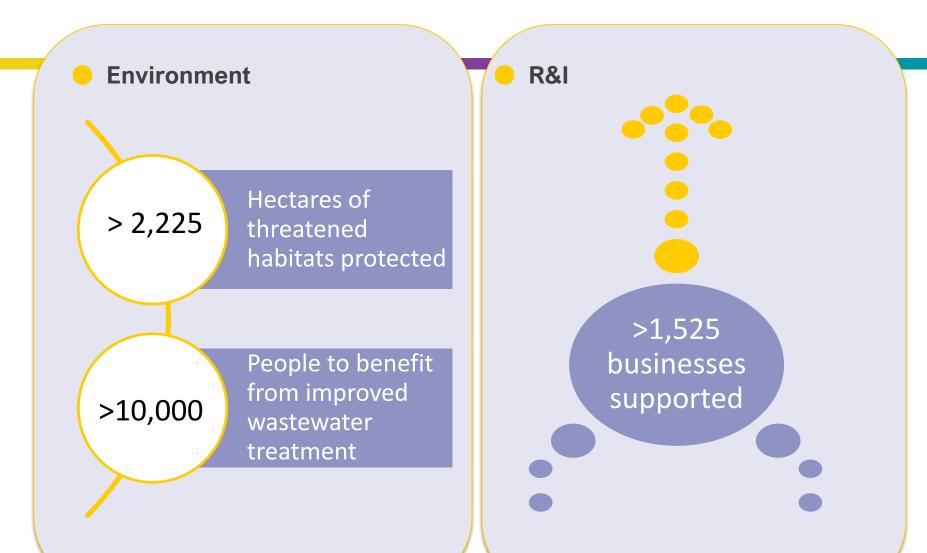

INTERREG VA. Results to date

PEACEPLUS: Context

How did we get here?

- Support of the NI Executive, the Government of Ireland, the UK Government and the European Union.
- Building upon previous PEACE & INTERREG programmes.
- Renewed focus on peace and reconciliation.
- Ensuring all projects contribute to crossborder and economic and territorial development.

The Peace Bridge Derry-Londonderry

How was PEACEPLUS developed?

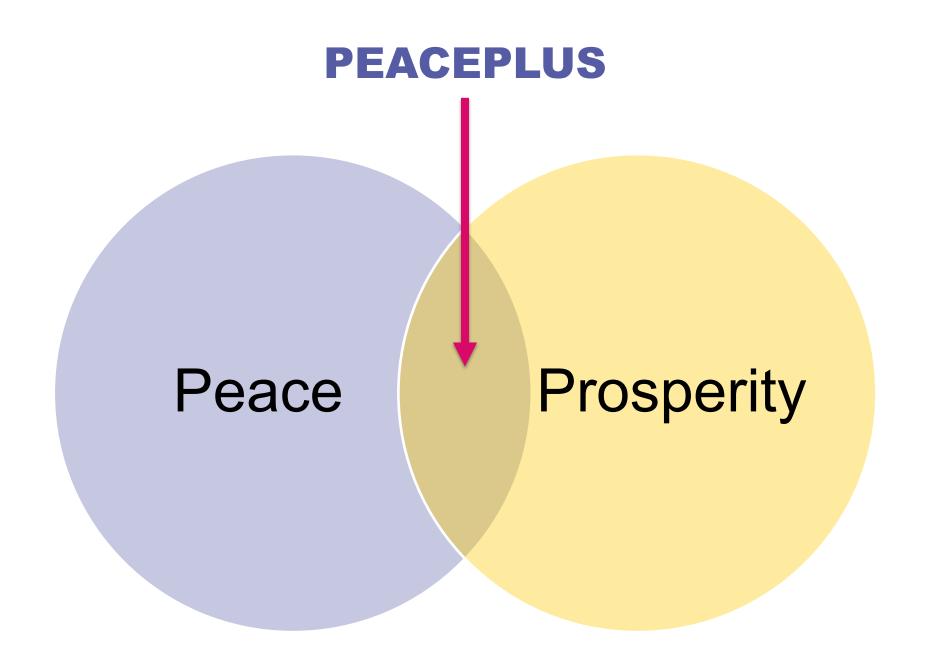

Intensive review, research and public engagement:

- Stakeholder engagement (2019-2020)
- Public events including specific events with young people
- Survey submissions
- Public consultation (2021)
- Bi-laterals with government north-south (ongoing)

PEACEPLUS (2021-2027)

- Programme area: Northern Ireland & the border counties of Ireland
- Programme value: **€1.144bn**
- Up to 80% maximum ERDF funding (100% grants available)
- Six themes, 22 investment areas
- Participation from partners outside the area

PEACEPLUS – Where does Collaborative Health and Social Care sit within the programme?

Theme 1

Building Peaceful and Thriving Communities

€250m

Theme 2

Delivering Socio-Economic Regeneration & Transformation

€170m

Theme 3

Empowering and Investing in Our Young People

€123m

Theme 4

Healthy and Inclusive Communities

€172m

Theme 5

Supporting a Sustainable Future

€303m

Theme 6:

Building and Embedding Partnership and Collaboration

€52m

Department of Health NI: Overview

- Health and Social Care (HSC), which includes policy and legislation
- > Public Health
- Public Safety

- ➤ Business Groups
- ➤ Professional Groups
- **≻**Directorates

DoH NI: Mission Statement

- > to **improve the health and social well-being** of the people of Northern Ireland by:
 - leading a major programme of cross-government action to improve the health and well-being of the population and reduce health inequalities.
- this includes interventions involving health promotion and education to encourage people to adopt activities, behaviours and attitudes which lead to better health and well-being.
- the aim is a population which is much more engaged in ensuring its own health and well-being.
- ensuring the provision of appropriate health and social care services, both in clinical settings such as hospitals and GPs' surgeries and in the **community** through nursing, social work and other professional services.

Department of Health IE: Vision

A healthier Ireland, with improved health and wellbeing for all, and with the right care delivered in the right place at the right time.

Department of Health IE: Mission

To improve the health and well-being of people in Ireland by:

- supporting people to lead healthy and independent lives
- ensuring the delivery of high-quality and safe health and social care
- creating a more responsive, integrated and people-centred health and social care service
- promoting effective and efficient management of the health and social care services and ensuring the best value from health system resources

Strategic Priorities

What the Department will prioritise between 2021-2023

Manage COVID-19 and promote public health

Expand and integrate care in the community

Make access to healthcare fairer and faster

Improve oversight and partnership in the sector

Become an organisation fit for the future

Department of Health IE: Functions

The Department serves the public and supports the Minister for Health, Ministers of State and the Government by:

- providing leadership and policy direction for the health sector to improve health outcomes;
- undertaking governance and performance oversight to ensure accountable and highquality services;
- collaborating to achieve health priorities and contribute to wider social and economic goals;
- creating an organisational environment where high performance is achieved, collaborative working is valued and the knowledge and skills of staff are developed and deployed.

Department of Health IE: Leadership & Structure

Minister for Health **Stephen Donnelly** leads the Department with support of Ministers of State

- Mary Butler Mental Health and Older People
- Frank Feighan Public Health, Wellbeing and the National Drugs Strategy
- Anne Rabbitte Disability

The Department is organised into nine divisions including the Office of the Chief Medical Officer and the Office of the Chief Nursing Officer.

The Department engages with its agencies, partners across Government and public and private sector organisations.

EU Funding Programmes

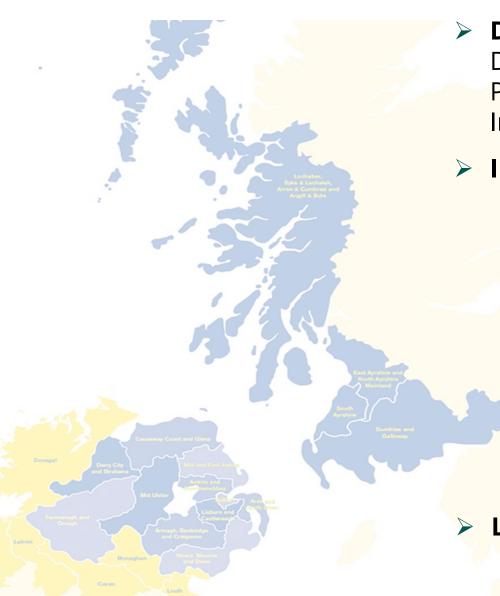

DoH IE and DoH NI: collaborate extensively as Accountable Departments for the Health Themes for ERDF Funded Programmes for the border counties of Ireland and Northern Ireland.

► INTERREG VA (2014-2023):

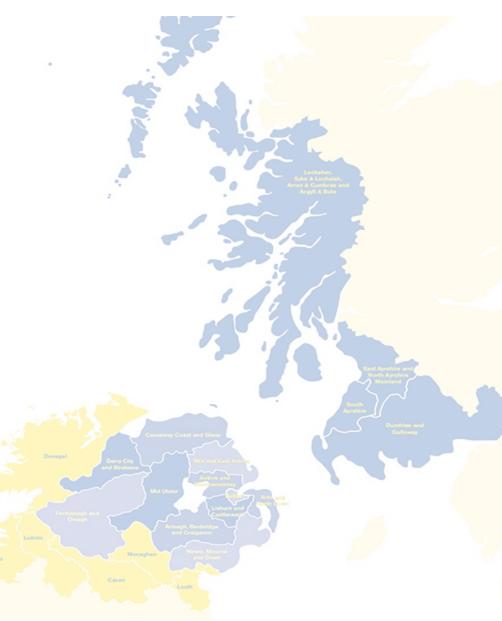

- Health and Social Care €58.5m allocated to 10 projects
- Outputs which have exceeded target as of June 2022 include:
 - 17,551 patients benefitting from scheduled and unscheduled care streams (target 15,000)
 - 5,549 patients availing of e-health interventions to support independent living in caring communities (4,500)
 - 2,742 'at risk' patients benefitting from a shared cross-border framework and service

Learnings:

- Digital Innovation adaptability during COVID-19
- Mental Health Resilience programmes to tackle social isolation both emotionally and physically

INTERREG VA: Health and Social Care

- Changing Lives Initiative
- Community Health Sync Population Health (CoH-Sync)
- Connecting Citizens, Communities and Services (mPower)
- Connecting Services, Citizens and Communities (Acute Services)
- Cross-Border Healthcare Intervention Trials in Ireland Network (CHITIN)
- Implementing Stimulating Innovation in the Management of Polypharmacy & Adherence through the Years (iSIMPATHY)
- Innovation Recovery (I-Recovery Project)
- Multiple Adverse Childhood Experiences (MACE)
- Need to Talk (NTT)
- Outreach and Navigation for Social Inclusion and Digital Engagement Project (ONSIDE)

mPower Festival: April 2022

PEACEPLUS Programme 2021-2027

- > € 97m Investment Area 4.1 Collaborative Health and Social Care
- > €80m available for this call and €17m for Addiction Treatment call
- ➤ DOH IE and DOH NI as **Accountable Departments** will assess programme development and progress of successful projects through the lifecycle of the programme

Applications should:

- align with the relevant Government and EU Strategies/Policies
- assess the potential for proposals to continue in the future
- be supported by evidence and include regular evaluation processes

Support for projects which...

EU policy objective: more social and inclusive Europe implementing the European Pillar of Social Rights

EU specific objective: ensuring equal access to health care and fostering resilience of health systems, including primary care, and promoting the transition from institutional to family and community-based care

Resulting in: an increase in the number of 'episodes of care' delivered on a cross-border basis. This will support positive health and wellbeing and the prevention of ill health, through an integrated approach designed to reduce health inequalities within the Programme Area.

IA 4.1: key considerations

- The Importance of an Integrated Approach
- The Adoption of New Technologies to Improve Access to Services
- The Need to Tackle Health Inequalities
- The Opportunity to Develop and Deliver Cross-Border Health and Social Care Research Initiatives
- The Requirement for Specific Mental Health Interventions
- Projects should add value to existing services
- Programme acts as a test bed for new/pilot projects

Types of CHSC actions to be supported:

- Initiatives to deliver cross-community and cross-border collaborative approaches to health and social care service delivery, in clinical areas identified as most suitable to a crossborder service delivery model
- Development and implementation of support and co-operation services on a cross-border basis, for community and voluntary organisations involved in the provision of health and social care services within their own communities; and
- Development of cross-border healthcare intervention trials.

Initiatives aimed at developing innovative interventions and delivery models in areas including:

- Obesity management
- Renal services
- Addiction and suicide prevention
- Medicine management
- Respiratory services
- Coronary care / heart failure

- Geriatric medicine (complex needs of older people)
- Mental health (resilience)
- Children's mental health
- Social inclusion for those with disabilities and carers

In summary:

The **purpose** of this investment is to:

- build upon existing and new cross border collaborative approaches to health and social care delivery models
- deliver an increased number of episodes of care across the Programme area

It will support the development of innovative community-based health care interventions, which complement statutory provision (including social enterprise models).

Projects should be cross-border in nature by, for example:

- Using staff from both sides of the border
- Open to users on either side of the border
- Using a shared approach/design on both sides of the border

Health and social care interventions, services and initiatives should be new and not continuations of existing services

THANK YOU

Collaborative Health and Social Care Programme

OVERVIEW OF AREA 4.1

Specific Objective

"To ensure equal access to health care and fostering resilience of health systems."

Resulting in:

"an increase in the number of 'episodes of care' delivered on a cross-border basis"

PEACEPLUS

What does Collaborative Health and Social Care seek to achieve?

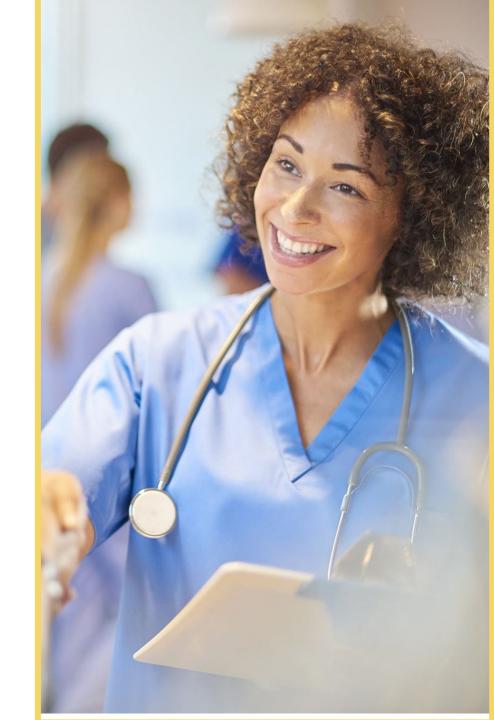

This investment area is an area in which collaborative cross border approaches are proven to deliver considerable benefits to the citizen and the Programme area.

How?

Through building upon existing collaborative relationships and services on a cross-border basis.

Who?

- A suitable cross-border partnership with the capacity to deliver on all of the outputs, results and actions detailed is required.
- A partnership able to develop solutions and have the capacity/influence to improve the health and wellbeing of people living in the Programme area.
- A partnership able to develop and implement the project within the project's lifetime (4 years).

Scope and Range

The scope may include:

Action 1: collaborative health and social care initiatives.

Scope and Range

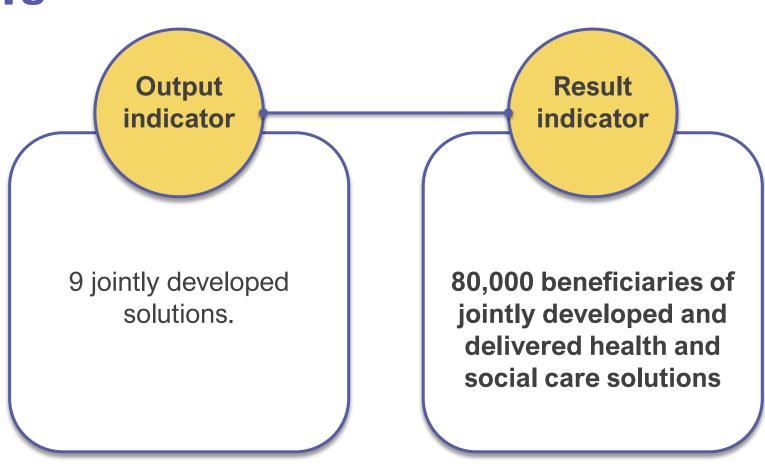

Areas include:

- Obesity management;
- Renal services;
- Addiction and suicide prevention;
- Medicine management;
- Respiratory services;
- Coronary care/heart failure;
- Geriatric medicine (complex needs of older people);
- Mental health (resilience);
- Children's mental health; and
- Social inclusion for those with disabilities and carers.

Your project must result in new jointly developed solutions. In addition, PEACEPLUS requires you to consider, integrate and demonstrate how this project contributes to a more peaceful, prosperous and stable society in N. Ireland and the border counties of Ireland.

Indicators

Indicative Actions (I)

Collaborative health and social care initiatives:

- ② Initiatives designed to deliver cross-community and cross-border collaborative approaches to health and social care service delivery, in those clinical areas identified as being most suitable to a cross-border service delivery models;
- ② Development and implementation of support and co-operation services on a cross-border basis, for community and voluntary organisations involved in the provision of health and social care services within their own communities; and
- Development of cross-border healthcare intervention trials

Collaborative Health and Social Care Concept Note (CN)

From today, 12th December 2022, any organisation interested in becoming a Lead Partner under Area 4.1 may complete and submit a Concept Note for comment, advice, and support.

The Concept Note:

- covers some (but not all) of the questions that will be in the application-proper;
- will help you put in place the foundations of your project so you are better prepared when the call opens;
- is not a formal application;
- is not scored

HOW TO BUILD A STRONG PROPOSAL

- The uncompleted form is short, 3 pages, with one page of guidance.
- Provide high level project details and answer 5 questions, each between 300-500 words.
- Advice is available pre- and post-completion.
- Please complete and return it no later than 8th February 2023 to <u>myriam.fearon@seupb.eu</u>

Collaborative Health and Social Care Concept Note: Question 1

About Your Project

- 1. How has <u>need been identified</u> for your project?
- How does your project align with what PEACEPLUS, and in particular Area 4.1, is trying to achieve? [your project should result in a number of beneficiaries of jointly developed and delivered health and social care solutions]

To note, supported projects should:

- Contribute to the more efficient delivery of health and social care services across the Programme area;
- Enable people to access quality health care and social services in the most appropriate setting to their needs; and
- Build upon existing collaborative cross border relationships and service provision.

Collaborative Health and Social Care Concept Note: Question 1 cont'd.

About Your Project

- 3. The extent to which your project has been informed by and or aligns with best practice by:
- Incorporating an integrated approach;
- Adopting new technologies to improve access to services;
- Managing cross-border research initiatives;
- Tackling health inequalities;
- Incorporating specific mental health interventions.

Concept Note: Question 2

Outputs and Results

- 1. How will your project result in a jointly developed solution?
- At a Programme level for this Investment Area, the output indicator is for 9 jointly developed solutions. Your project's target will contribute to this output indicator. Note: Health and social care interventions, services and initiatives should be new and not continuations of existing services.

2. How many people will be engaged in your project?

At a Programme level for this Investment Area, the **result indicator** is for **80,000 beneficiaries of jointly developed and delivered health and social care solutions.** Your project's target will contribute to this result indicator. Note: Beneficiaries must relate to the new solutions developed and implemented upon the output indicator and can only be counted once they receive the course of the intervention, service or initiative i.e., an episode of care.

Concept Note: Question 3

Cross Community and Cross Border

- 1. What geographical area/s will your project cover?
- 2. How your project is cross-border on the basis of:
- Using staff from both sides of the border;
- Being open to users on either side of the border;
- Using a shared approach / design on both sides of the border.

Concept Note: Question 4

Proposed Team, Partnership, and Implementing Arrangements

- Staffing who is doing what?
- Suitable experience and qualifications?
- Practical arrangements for implementation?
- Rationale for partnership composition.
- Structure of partnership.

Concept Note: Question 5

Value for Money

- Is it appropriately costed?
- Competitive tender where appropriate?
- Will inputs achieve required outputs and results and meet overall objective?
- Exit strategy and durability of results; critical to this IA
- How is the long-term impact of the project to be secured?

- Coordination
- Financial management
- Reporting

- Communication
- Training
- Policies & Procedures

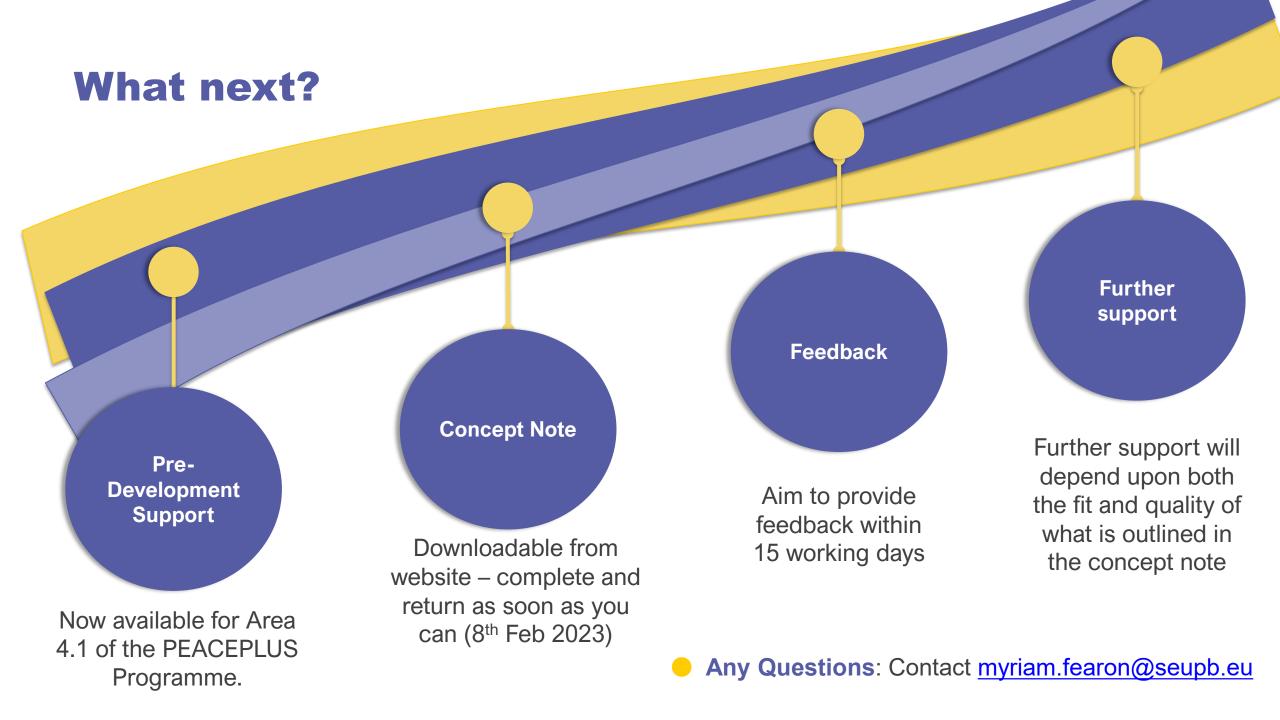

In short, accepts overall responsibility for ensuring implementation of entire project

Other things to bear in mind

- Take this time to build your partnership:
 - be clear on who is doing what
 - build a framework for communications and for M&E.
- Don't bite off more than you can chew: can you really deliver on this scale?
- Think about finance: can you manage the cash flows?
- Have clarity of purpose; your project must always consider its focus on building peace and prosperity for the region.

TIMESCALES

In Due Course...

In due course, the following documents will be made available and should be consulted before completing the formal application form:

- PEACEPLUS Cooperation Programme
- The Programme Manual
- Guide for Applicants
- Call for Applications to Area 4.1

The Programme Overview is available
